

Manufacturing Leadership Awards Entry Readiness Checklist

What do you need to enter the Manufacturing Leadership Awards?
Review the checklist below to prepare for a successful entry!

PROJECT CATEGORIES

What You Need:

- ☒ A manufacturing project that was driven and/or executed through digital operational technology.
- ☒ A beginning/middle/end story for the project:
 - **The beginning**—A *problem statement or goal* that the project set out to solve or achieve.
 - **The middle**—The *how* that details the project implementation and timeline.
 - **The end**—*Results* that can be demonstrated with measurable KPIs.
- ☒ An operations leader who can serve as the project contact.
- ☒ An executive leader (VP or higher) who can serve as the project sponsor.

INDIVIDUAL CATEGORIES

What You Need:

- ☒ A manufacturing operations leader or up-and-coming leader who is driving operational digital projects.
- ☒ Details on how their efforts have positively impacted their company and the greater manufacturing community.
- ☒ The nominee's complete resume.
- ☒ An executive leader from the nominee's organization (VP or higher) who can serve as the nomination sponsor.
